

Sowrav Chowdhury

Healthcare Data & Clinical Documentation Operations | RCM Concepts | SQL/MySQL | Biomedical AI Research | EEE Graduate

I work at the intersection of healthcare data operations, clinical documentation workflows, and biomedical AI. My background connects U.S. clinical documentation operations, EHR/EMR review, KPI/SLA tracking, SQL/Excel reporting, and digital health research.

Current Focus

- Medical Data Processor / Squad Lead at Augmedix Commure Bangladesh.
- Supports U.S. clinical documentation workflows, provider-specific requirements, EHR review, documentation quality, workflow tracking, and operational follow-up.
- Uses SQL/MySQL, Excel, Google Sheets, Retool, and ClickUp for operational visibility, data validation, KPI/SLA tracking, and squad coordination.
- Relevant to healthcare data analyst, RCM support, clinical documentation, claims/medical billing support, and data operations roles.

Research Strength

- Research Assistant on ICT Innovation Fund digital health project focused on a low-cost standalone digital stethoscope for pediatric pneumonia diagnosis.
- Helped build a structured lung-sound dataset with 1,872 respiratory sound recordings from 117 pediatric subjects.
- Research areas: respiratory sound analysis, biomedical signal processing, machine learning, 1D-CNN models, and affordable clinical decision support.
- Publications through IEEE and MDPI on digital stethoscope systems, pediatric pneumonia diagnosis, and respiratory sound assessment.

Technical Stack

- Data: SQL, MySQL, PostgreSQL, Excel, Google Sheets, data validation, operational reporting, dashboards.
- Healthcare: EHR/EMR review, clinical documentation, RCM concepts, billing/coding/claims/denials coursework.
- Research: Python, MATLAB, machine learning concepts, biomedical signal processing, respiratory sound analysis.
- Tools: Retool, ClickUp, Arduino, Raspberry Pi, embedded systems fundamentals.

Education & Proof

- BSc in Electrical and Electronic Engineering, University of Liberal Arts Bangladesh.
- CGPA 3.77/4.00, Cum Laude, major in Electronics.
- Teaching Assistant experience across EEE lab courses including embedded systems, circuits, control systems, digital electronics, and VLSI.
- IELTS Academic 7.5; certifications include MySQL for Data Engineering and Revenue Cycle/Billing/Coding coursework.

Target Roles

Healthcare Data Analyst | RCM Support Analyst | Clinical Documentation Specialist | Claims / Medical Billing Support | Data Operations Analyst | BI Executive | Digital Health / Biomedical AI Research Assistant
